WORK EXPERIENCE

- Graphic Designer / Witrah Co. — Sultanate of Oman (Project-Based)

January 2025 – Present

 - Produce branded graphic assets for a range of client projects on a freelance, project basis, translating briefs into on-brand visual solutions.
 - Ensure every deliverable reflects client branding guidelines and meets project specifications.
 - Coordinate with remote, cross-border teams to keep projects on track and on deadline.
- Print & Branding Designer / Bousula Agency — Turkey (Project-Based)

2023 – Present

 - Design print collateral and brand identity assets, including logos, brochures, and packaging, for a diverse portfolio of agency clients.
 - Develop cohesive visual identities that strengthen brand recognition and market positioning.
 - Partner remotely with the agency's creative team to deliver each project on time and to specification.
- Team Leader / Phoenix Media — Libya

June 2023 – December 2024

 - Led and mentored a graphic design team, directing daily workflow to ensure output aligned with business and brand objectives.
 - Acted as the key point of contact for external clients, managing expectations and creative feedback throughout the project lifecycle.
 - Implemented task-tracking practices that kept the team consistently on schedule across concurrent projects.
- Graphic Designer / Omniaty Application — Iraq

June 2022 – June 2023

 - Created social media advertising campaigns to support user acquisition and engagement for the company's mobile application.
 - Produced publication and promotional materials for company-hosted events, reinforcing brand presence.
 - Designed in-app banners and marketing graphics aligned with product launches and campaigns.
 - Consistently delivered all design assets on schedule, supporting marketing timelines.

Graphic Designer / *Codlex Technology — Syria*

January 2022 – June 2022

- Designed social media advertising creative, posters, and logos to support client marketing and branding goals.
- Collaborated closely with the Art Director to align concepts with creative direction and business objectives.
- Maintained a 100% on-time delivery record across all assigned design tasks.

Graphic Designer & UI/UX Designer (Freelance) / *Self-Employed — Syria*

2021 – Present

- Partner with clients to define project scope, creative requirements, and design objectives for graphic and UI/UX projects.
- Design intuitive user interfaces and user experience flows for web and mobile applications.
- Advise clients on design best practices to maximize usability and visual impact.
- Manage project timelines independently and provide post-delivery client support.

Photo Editor / *Ahmad Dalloul Photography — Syria*

June 2021 – June 2022

- Selected and composited backgrounds to enhance photo sessions and align with client vision.
- Retouched and color-graded images to deliver polished, professional-quality final products.

Graphic Designer / *Tatweer Training Center — Syria*

November 2020 – November 2021

- Established and maintained the center's visual identity across all marketing materials.
- Designed course templates, posters, and social media advertising to promote training programs.
- Produced Instagram content and trainee certificates to support the center's brand presence.
